

DONATION GUIDELINES AND MORE

THE CORNER
A COMMUNITY THRIFT SHOPPE

Everyone deserves nice things!

No one wants junk, or items that are broken, torn or stained. Our community deserves the **VERY BEST** – and so do you!

So we are selective. At The Corner, we aim to provide **gently-used, quality items** at **affordable prices**.

To set our shoppe apart from other thrift stores, we have **high standards** for the goods we sell.

BEFORE Donating:

As you prepare to donate, **ask yourself the following questions:**

Why am I getting rid of this item?

“It no longer fits, but has a lot of life left in it.”

“It was a gift that just wasn’t my style.”

“My tastes or décor have changed.”

All great reasons to bring them to The Corner!

“It’s dirty, broken, stained, ripped, sticky, smells awful, or half empty.”

“I want it out of my house but I just can’t bear to throw it out.”

We are unable to accept these items, but we can offer suggestions on what to do with them!

Would I pay for this item?

If the answer is yes, bring it to The Corner!

Would I give this item as a gift?

If so, come on down to The Corner!

Prepare Your Items

- **Clean your items.** We especially ask that you wash and fold clothes before you bring them.
- When possible, please bring your items in **closed bags** or **closed boxes**.
- **Furniture and large quantity donations** (including estate donations) require an **appointment**.

Bring Your Items

Come inside and let one of our volunteers know that you have a donation. We want to meet you and thank you for being a part of The Corner!

Please do not leave items outside the store or in the entryway. For the safety of our staff and to preserve the quality of our goods, **any items left outside or those not checked in by one of our volunteers will automatically be discarded.**

What we sell reflects our **respect** for those we serve.

We invite you to think differently when donating to The Corner.
